PALERMO

The Augustus Grey Marble, a kind of marble found in quarries in Central Asia, served as the inspiration for the Palermo series. With delicate beige and white lines and neutral colors.

Palermo is a porcelain tile that can be used in a variety of applications and, in addition to having the beauty of genuine stone, is sturdy and long-lasting. Whether it be a living room, bedroom, kitchen, or bathroom, it is appropriate for all types of rooms.

LYON

The Lyon series is a technical through-body porcelain which, thanks to its wide variety of finishes and formats, is ideal for any architectural Project that seeks to create a framework of clean, modern lines, whether in a private residence or a public project. Its design is inspired by a natural stone with a veining that is intense but not garish. It comes in three finishes: relief, natural and a lightly polished smooth finish. The series is available in a range of natural colours (Marfil, Gris, Galena, Anthracite) and in two surfaces. All of these options make this a very versatile series.
